SUNKARA KRISHNA CHAITANYA

B.TECH CSE (DATA SCIENCE) | ASPIRING DATA ANALYST / SOFTWARE DEVELOPER

Visakhapatnam, Andhra Pradesh • 8297112285 • krishnachaitanya200624@gmail.com
LinkedIn | GitHub | LeetCode

PROFESSIONAL SUMMARY

Third-year B.Tech student in CSE (Data Science) with an 8.59 CGPA and foundational skills in Python, SQL, Power BI, and web development. Interested in data analytics and software development, with project work in data cleaning, dashboard creation, and practical problem-solving.

EDUCATION

B.Tech — CSE (Data Science) — Nadimpalli Satyanarayana Raju Institute of Technology (NSRIT)
CGPA: 8.59/10 • Expected 2028

Intermediate — NRI Junior College
88%

Class X — Sree Krishna Grammar School
83%

TECHNICAL SKILLS

Programming: Python, Java, SQL, JavaScript

Data Analytics: Pandas, NumPy, Matplotlib, data cleaning, data visualization

BI & Databases: Power BI, DAX fundamentals, MySQL, PostgreSQL

Web & Tools: HTML, CSS, FastAPI fundamentals, VS Code, Git, GitHub

PROJECTS

Student Performance Analysis | Python • Pandas • Matplotlib
Analyzed student academic records to explore marks, subject-wise performance, and overall trends. Used data cleaning and visualizations to summarize performance patterns.

Smart Expenses Tracker | HTML • CSS • JavaScript
Designed an expense-tracking app concept to record expenses, group spending by category, and review spending summaries for personal budgeting.

E-Commerce Sales Analysis | Python • Pandas • Power BI
Cleaned and analyzed sales data, identified trends, and presented business insights through dashboard visualizations.

LoanEase — Loan Eligibility & EMI Calculator | HTML • CSS • JavaScript
Created a fintech prototype to estimate loan EMIs and indicative eligibility from user-entered financial details.

CERTIFICATIONS

- Data Analytics with Python and Power BI — EduSkills (2026)
- Java Full Stack Developer Virtual Internship — EduSkills Academy (Oct–Dec 2025)
- Data Analysis Using Python — APSSDC Summer Online Internship (May–Jul 2026)
- Python 3.4.3 Training — Spoken Tutorial, IIT Bombay (82.86%)
- Digital Edge 101 — FutureSkills Prime / NASSCOM (2026)
- AI Skills Passport — EY and Microsoft
- Essential SQL Skills for Data Beginners — Analytics Vidhya (2026)
- Data Analytics Job Simulation — Deloitte (2026)
- Online Python FS-Workshop — Think Champ Private Limited (2026)
- Rashtriya Innovation Challenge — Ratan Tata Innovation Hub (2026)
